   **Action:**
   Lopez will preside at the February 16 DAS meeting.

   b) Delegate Needed for ASCCC Spring Plenary Session. As an ASCCC Executive Committee member, May will already be a delegate. Therefore, there is a need for the designation of a DAS member to serve as the delegate representing the Los Rios DAS---the four college presidents will be delegates representing their respective colleges.

   **Action:**
   All---Contact May if you are interested in serving as the LRCCD delegate to the ASCCC Spring Plenary Session, April 21-23.

b) DAS representative to DCCC---there is a need for DAS representation at the three meetings of DCCC for Spring semester (February 26, March 18, and April 26).

4. Equivalency Processes to Minimum Qualifications---May briefly spoke to Sue Lorimer, LRCCD Deputy Chancellor, on the topic. At this time, DAS will put together a workgroup to identify issues of concern before considering a presentation from the ASCCC and others.

Cirrone (SCC), Aguilar (ARC), Haug (FLC), and Crump (DAS) will serve on the workgroup.

Action:
Oliver---Need CRC faculty member to serve on workgroup.

5. LMS Decision Process---There was a discussion on how the process is being handled. Crosier is co-chair of the LMS Workgroup---they are looking at Canvas or D2L. In addition, they are looking at the opportunity for the District to participate in OEI, the state Online Education Initiative. He reported that faculty have been invited by the college Distance Education coordinators to “test out” Canvas by using a “Sandbox” version of Canvas. A survey will be going out to all faculty later this week (with a deadline of February 26) seeking feedback from faculty who have used both Canvas and D2L, not just those who have been testing out Canvas in the Sandbox. There are also plans for student participation. Once information from the surveys is received, the Workgroup will meet to make a recommendation to DAS at the March 1 DAS meeting.

It was noted that each college has a different decision-making process to inform DAS. It was decided to allow time for each college to have the full time necessary (to the extent of 1st and 2nd readings) after receiving the recommendation from DETC on March 1 and then come back to DAS with a college position or sense of their Academic Senate

6. Noncredit-Career Development and College Preparation (CDCP)---it was felt that discussions about noncredit would be in conjunction with discussions about adult education. May will talk with Lorimer (chair of District adult education workgroup) and
Jamey Nye, LRCCD Associate Vice Chancellor for Education, about District interests in this. Boylan also noted that there would likely be elements that need to be discussed in the Senate Union Joint Issues Committee (SUJIC).

**Action:**
May to contact Lorimer and Nye on the possibility of noncredit in LRCCD.

**Action:**
May to coordinate noncredit discussions with Boylan.

**Discussion Items (15 minutes per item)**

7. Common Assessment—SCC is a pilot college for the state Common Assessment Initiative (CAI) (www.cccassess.org), and Roberts is a member of the CAI Steering Committee. SCC, as a pilot college, and the other colleges in the district, will be using new common assessment tool in ______.

It is important for the English (both writing and reading), ESL and Math departments at each of the colleges to look at the CAI discipline competencies maps and begin mapping those competencies to their courses, as well as coordinate with the disciplines of their sister colleges for mapping to similar/same courses at their college. Roberts also reported that Nye is calling together a District group to discuss math, English, and ESL, for a February 26 special meeting.

Roberts and Nuttall emphasized that this is a common assessment tool, not a common placement tool, and will be used along with multiple measures. They also noted that Dennis Lee (ARC English faculty) is a member of the statewide workgroup on multiple measures.

**Action:**
Roberts to send Common Assessment timeline to May.

Senate presidents: Alert ESL, Math, English (writing and reading) faculty of the need to look at the competency maps developed by the CAI team.

8. Dual Enrollment---Lopez and Haug reported that they are serving on the district workgroup on dual enrollment. The goal of the group is to create a template for agreements between local high K-12 districts and the District. The group met on November 30 and colleges were asked to notify the District of “status of interest” by December 17 (May reported that there is an extension of time). Went over AB 288. Goal of group is to create a template for local agreements.
Action:
May to check with Lorimer re: status of LRCCD dual enrollment discussions.

9. Proposed Changes to Reassigned Time---there was discussion on how to approach a request for a more appropriate amount of reassigned time based on the significantly increased workload on participatory governance leadership. It was proposed that a workgroup work on this and bring back a proposal to DAS.

Crump---get Local Senate Profile information from ASCCC.

Action:
Oliver---CRC appointee needed for workgroup

10. Faculty Diversity Internship Program (FDIP)---DAS expressed interest in FDIP and it was decided to request a presentation of FDIP from the District Human Resources Office.

Action:
May to request presentation of FDIP from LRCCD Human Resources department.

11. Items from College Senates & District for DAS consideration.
