MyCash is an individual cash account that securely holds your reimbursement funds until you spend or move them.

On those rare occasions when you do not use your BASIC Card to pay for an eligible employee benefits expense, simply submit a request for reimbursement through your BASIC account or via the BASIC benefits app.

Requests are processed daily and approved reimbursements are deposited directly into your MyCash account—usually within 24-48 hours. **Reimbursements are quick—even faster than direct deposit!**

Then you choose how to use your MyCash funds. There are no restrictions on type of expense or merchant. These are your reimbursement funds and can be spent just like cash everywhere Mastercard is accepted.

**Ready, Set, Go!**
Pay for healthcare and general items in one transaction with your BASIC Card. Eligible benefit items are paid from your benefits account and ineligible items from MyCash.

**Manage Your MyCash Account**
It’s easy to view and manage your MyCash funds online or via the BASIC benefits app.

- View recent MyCash reimbursements, transfers, and/or BASIC Card transactions.
- View BASIC Card information, reissue a card, request a dependent card, and view card history.
- Save bank account details to easily schedule transfers* from MyCash to a personal bank account.

**Access your MyCash funds in three ways:**

1. Swipe your BASIC Card at any merchant that accepts Mastercard.
2. Withdraw at an ATM (with a PIN) using your BASIC Card.
3. Transfer to a personal bank account via web or app.*

* Visit [www.basiconline.com/cda](http://www.basiconline.com/cda) for directions on how to set up a transfer of MyCash funds to a personal bank account.

The BASIC Card is issued by MetaBank®, N.A., Member FDIC, pursuant to license by Mastercard International Incorporated.
