2. Discussion Items

a. March PPC List Review

“In March the PPC will conduct an annual update and review of programs that have been approved in order to assess the status of approved programs. If a program has been on the list for over a year and a half with no indication the college has begun any planning for starting the program, the college’s VPI will consult with the appropriate dean and faculty from the college to remind them of the program’s inclusion on the list and to inquire as to their plans.

b. PPC Draft Revisions
