

Setting up “Remember me for 30 days” in Duo

You have the option of having Duo “Remember me for 30 days”.

For each District service that requires Duo authentication, you can opt to have the Duo not prompt you for 30 days.

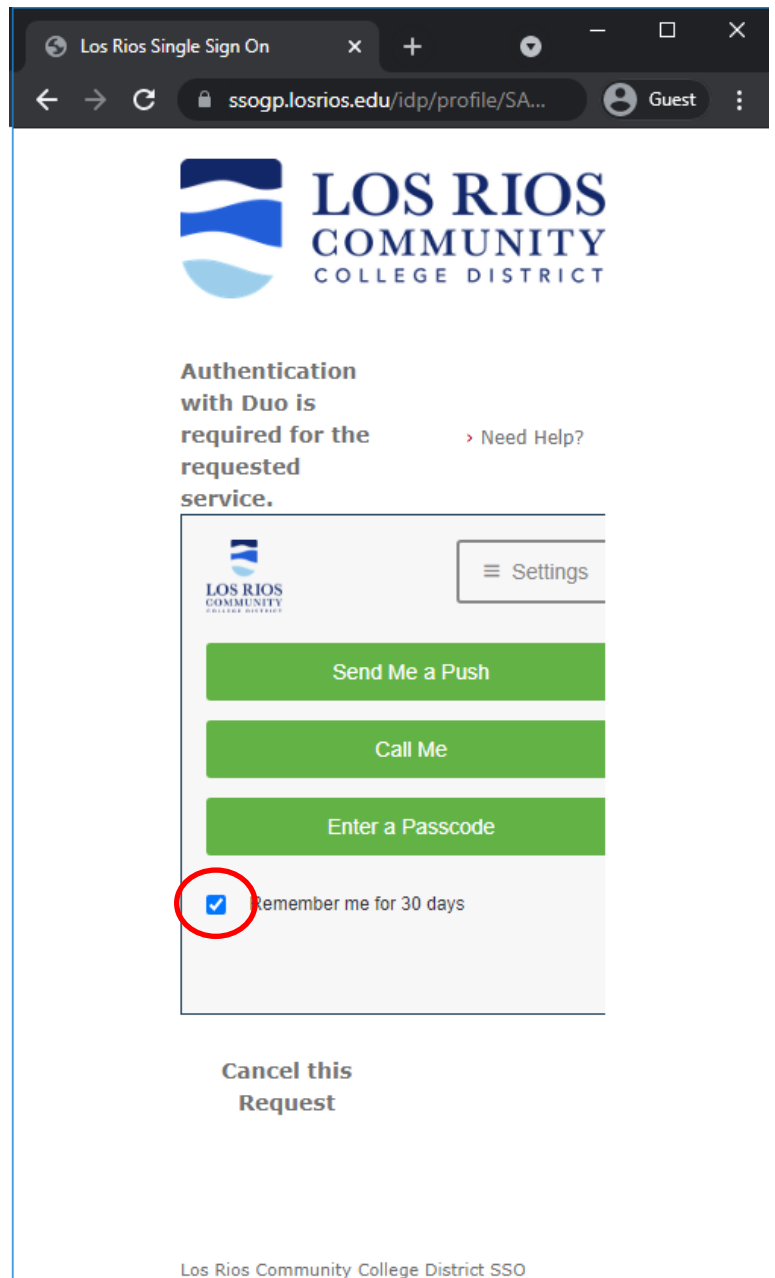

- Sign into a District service that requires Duo Authentication, such as <https://sso.losrios.edu>
 - You will be presented with the District Single Sign On webpage
 - Enter your W+ID
 - Enter your Los Rios District Password
 - Click Login
 - If you are enrolled in Duo, you will be prompted with the Duo authentication option menu.

If you have set the Duo service to automatically “Send Me a Push” or “Call Me”

- Click the “Cancel” button in the blue bar that appears at the bottom.
 - This cancels the authentication request.
- Click the “Dismiss” button that appears in the blue bar that appears at the bottom.

To request the service to not prompt for 30 days:

- Check the “Remember me for 30 days” checkbox.

The screenshot shows a web browser window with the address bar displaying "sso.losrios.edu/idp/profile/SA...". The page header features the Los Rios Community College District logo. The main content area displays the message: "Authentication with Duo is required for the requested service." Below this message is a menu with the following options: "Send Me a Push", "Call Me", "Enter a Passcode", and "Remember me for 30 days". The "Remember me for 30 days" option is checked, and the checkbox is circled in red. At the bottom of the menu, there is a "Cancel this Request" button. The footer of the page reads "Los Rios Community College District SSO".
