

# COVID Close Contact Exposure Response Decision Tree as of 9/2/21\*

(This is a simplified version and may be different for each case)

\* These guidelines are subject to change, depending on CDC, CDPH and Sacramento County guidelines.

Note: If individual chooses not to get tested, then they would quarantine for 10 days returning on the 11th day if no symptoms develop.

**Definition:**

*Date of Positive Test—count days from “collection date of test” not date received test results.*

*Fully Vaccinated—two weeks after second shot otherwise the person is not vaccinated.*
